

CHICAGO'S MAYOR UNDER ARREST

Carter Harrison, Charged with Responsibility for the Iroquois Theatre Horror, Arraigned in Court and Gives Bail.

OTHERS ALSO HELD
CULPABLE, IN CUSTODY.

Coroner Serves the Papers on City's Executive, Who Presents Himself at Bar, Then Goes to Official Duties.

CHICAGO, Jan. 26.—(Bearing the eight mittim issued as the report at the inquest into the Iroquois Theatre disaster, Coroner Traeger and a number of detectives to-day left the City Hall with authority to arrest Mayor Carter H. Harrison, Manager Will J. Davis and the six lesser city officials and stage employees who were ordered held to await the action of the Grand Jury.

The first persons taken into custody were William McMullen, operator of the flood light from which the Iroquois fire is said to have started, and James E. Cummings, the stage carpenter at the Iroquois, under whose direction, it is alleged, the apparatus was constructed which interfered with the descent of the asbestos curtain.

Will J. Davis was arrested in bed at his home, in Grand Boulevard. Mr. Davis was allowed to dress and eat breakfast. Meanwhile his attorney, who had been telephoned for, arrived and the party left on the elevated railroad for the City Hall.

Harrison Gives Bail. Some time after the arrest of Manager Davis, Mayor Carter H. Harrison presented himself at Coroner Traeger's office in the Criminal Court Building. The Mayor was accompanied by his brother and cousin, and by ex-Mayor Hampstead Washburn.

The Coroner greeted them and the party then went to Judge Walker's court, where bonds of \$5,000 were furnished.

The Mayor left then for his office in the City Hall, which is half a mile distant from the jail and almost within a stone's throw of the Iroquois Theatre.

Fire Marshal Musham was served with a mittimus at his office. A similar course was pursued with City Building Commissioner Williams and City Building Inspector Loughlin. In custody of two detectives, Messrs. Musham, Williams and Loughlin were taken to the Criminal Court Building and gave bonds to answer any action by the Grand Jury.

The stage fireman, William Saliers, was the last of the accused to be taken into custody. The charge against Mayor Harrison practically means malfeasance in office, which will result in impeachment if conviction follows the finding of the Coroner's jury.

Subsequent to Mayor Harrison's appearance at the Criminal Court Building a mittimus was served upon him at his residence by a deputy coroner. The charge was that he had been guilty of a domestic and was asked into the reception room, where the Mayor heard the mittimus read. It directed that he, like the others accused, "be held until discharged by due process of law."

"All right," said the Mayor, when the reading was finished. "Tell Traeger I'll be down," and the Mayor, bidding the deputy good-by, proceeded later to the Criminal Court and underwent the ordeal of giving bonds.

Hold Mayor Responsible. Regarding Mayor Harrison, the verdict of the Coroner's jury says: "We hold Carter H. Harrison, responsible, as he has shown a lamentable lack of force in his efforts to shirk responsibility, evidenced by testimony of Building Commissioner George Williams and Fire Marshal William H. Musham, as heads of departments under the said Carter H. Harrison, who following this weak course, has given Chicago incalculable damage, which makes such calamities as the Iroquois Theatre horror a menace until the public service is purged of incompetents; and we, the jury, recommend that the said Carter H. Harrison be held to the Grand Jury until discharged by due course of law."

The others are charged with neglect of duty in permitting violations of law to exist. The jury found that the fire was caused by drapery coming in contact with an electric floor or arc light; that city laws relating to building ordinances regulating fire-alarm boxes, fire apparatus, dampers, or on and over the stage, and fire galleries were violated; that there was a distinct violation of the law governing the fireproofing of scenery and stage woodwork; that the asbestos curtain was wholly inadequate.

WOMEN DEFEND AMERICAN SINGER

Geraldine Farrar, Named in Stories with German Crown Prince, Finds Champions in Berlin Who Declare for Her.

BERLIN, Jan. 26.—The officers of the American Woman's Club of Berlin have sent the Associated Press a copy of a statement which the Woman's Club and the Ladies' Union of the American Church have signed and presented to Miss Geraldine Farrar, the American singer, containing an expression of their utter disbelief in the story of an alleged intrigue with the Crown Prince, Frederick William, which has been repeated in many variations.

Miss Farrar, who comes from Boston, Mass., and who now is engaged at the Royal Opera-House, saw the Crown Prince once for ten minutes in the presence of the Empress and Mrs. Farrar.

Since then an ever-growing story has been related of extreme friendliness existing between the singer and the Crown Prince, which was published again a few days ago with scandalous details in a weekly paper. The police suppressed the edition, and Sidney Farrar, father of Miss Farrar, has prosecuted the paper for libel.

The written statement presented to Miss Farrar by the American women among other things says:

"We have examined every possible source of the calumny and find there is absolutely no ground for its existence. Attended as Miss Farrar has been during her life here by her parents, and being herself a young woman of rare purity and honor, we are unable to find the slightest proof of any delinquency, or even imprudence, on her part."

"We make this avowal voluntarily and in the sole interest of right and justice."

STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, I believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment.

We say to you positively and without reservation that we have never before known a tonic or cathartic cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't read to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS.

Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone.

You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucus, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down";

Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store. Large bottles, 89 cents. Mail orders filled.

ALWAYS TIRED
NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of this "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the blood is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion weak, the digestion weak, and general disorder occurs throughout the system.

Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying the blood and toning up the system. It is strictly a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested body.
